

FERTILITY COURSES LONDON & SUNANDA IVF ACADEMY

Invite you for

Conference on **Reproductive Medicine & IVF**

Fertility courses London is a unique online teaching platform where upto date reproductive medicine teaching is offered. For its content and consistent high quality it is subscribed by **324000** people.

COURSE HIGHLIGHTS

- ① *Truly a meeting focussed on fully evidence into practice*
- ② *Complete, Comprehensive, Evidence based discussions to make an impact on clinical practice.*
- ③ *International & National faculties*
- ④ *Interactive discussions*
- ⑤ *Live sessions is also available for International delegates.*

Welcome Message

Dear Doctors,

Greetings from Sunanda IVF Academy!

It gives us immense pleasure in announcing our *Conference on Reproductive Medicine & IVF* to be held Novotel Pune, on 23rd & 24th July 22. Conceptual understanding easily unfolds the complexities of reproductive medicine. Every fertility consultant needs to update on research papers which will modify the clinical practice. Our scientific programmer is robustly designed to positively impact your practice philosophy

We welcome you to join the atmosphere of discussions, arguments and churning of academic papers. Do register at the earliest and we look forward to welcoming you.

Warm regards.

Yours sincerely,
Dr. Anil Gudi &
Dr. Sachin Kulkarni
Course Director

FACULTY

Dr. Anil Gudi (UK)

Director
Fertility Plus, UK

Dr. Sachin Kulkarni

MD, IVF at Warwick Univ UK
Sunanda IVF Jehangir ART

Dr. Mohan Kamath

Prof. of Reproductive Medicine
at the Christian Medical College

Dr. Sharayu Mohite

MBBS,DGO,DNB

SCIENTIFIC PROGRAM

Ovulation stimulation protocols of IVF

- How to plan doses and which protocol: Applied physiology
- Antagonist protocol
- Long agonist protocol
- Short flare protocol
- Microdose flare protocol
- Progesterone primed ovarian stimulation (PPOS)

Alternative Ovarian stimulation protocols

- Luteal start IVF
- Random : Chase the antral follicle protocol
- Duostim
- Clomiphene in IVF
- IVF protocol for cancer patients

Ovarian Stimulation in challenging situations

- Endometrioma
- Rescue IVF of IUI stimulation
- Hypo hypog patient

IVF protocols for PCOS

- FSH dosing protocol – FSH threshold and dose
- Monitoring and effective and safe stimulation
- Trigger & safety and improving results

Ovulation stimulation after Prior poor response

- Poor FORT and FOI
- Understanding Poseidon and predicting poor response in good reserve patients
- Poor response low oocyte yield (empty follicle)
- FSH LH receptor polymorphism
- Reasons of low M II oocytes and the way ahead

Ovulation stimulation protocols of IVF

- Abdominal pick-up
- Obese women OPU/ ET
- Add on hysteroscopy
- Anticipating a difficult pick-up
- Anticipating ET And management
- ET step by step approach
- Mock transfer procedural details and record keeping -

IUI Protocols

- Gonadotrophins and types
- Gonadotropin in IUI stimulation for optimum results and safety
- Improving results in IUI
- Antagonist in iui cycle

Ovulation induction

- PCOS effective induction
- Clomiphene and letrozole
- Alternative protocols for Clomiphene and letrozole
- Continues CC and letrozole protocol
- Stair step protocol
- Gonadotrophin and Oral agents combination protocols
- Metformin how and when

Trigger

- How do triggers work
- More about hCG and agonist trigger
- Dual trigger and impact

Luteal support Individualized and evidence based

- Progesterone individualize decision making vaginal / Aqu/ IM/ oral
- HCG in luteal support.
- Luteal support adjuvants science and overuse

Endometrium and recurrent Implantation failure

- Define RIF
- Investigation of RIF
- Treatment options in RIF
- Frozen embryo protocol
- Preparing endometrium in FET cycle
- Hormone replacement
- Modified natural cycle FET
- Stimulation cycle FET

Endometrial Challenges

- Fluid in endometrium
- Echogenic endometrium
- Thin endometrium

Male Infertility

- Medical management of male infertility
- Surgery sperm retrieval in azoospermia
- PGTA - value based / evidence based / decision making

implementating research in clinical practice.

***Schedule will be sent to you by mail & whastapp.**

📶 Live sessions is also available for International delegates.

Registration Details

Conference fees	Till 10 th July 22	11 th July 22 - on spot
Each Delegate	17,700/- (incl. GST)	25,960/- (incl. GST)

For any assistance	Mr. Abbaskhan Desai - 8657013143 Mr. Sandeep Gaikwad - 7249104924 E-Mail : sunandaivfacademy@gmail.com
